

REMOVING WINDOW FROM YURT

HOW TO MEASURE YOUR REMOVABLE WINDOW FOR A REPLACEMENT:

- 1 Two people and one short ladder needed
- 2 From the outside of yurt, flip roof drip edge up
- 3 Remove opaque vinyl window flap
- 4 Remove clear vinyl window
- 5 Lay clear vinyl window on a flat surface
- 6 With two people, pull tight on both Velcro edges and measure from the edge of Velcro to edge of Velcro
- 7 Measure both width and length
- 8 Vinyl shrinks and warps, pick the window size closest to your final edge to edge Velcro measurements

WITH TWO PEOPLE, PULL TIGHT ON BOTH VELCRO EDGES AND MEASURE FROM THE EDGE OF VELCRO TO EDGE OF VELCRO
